Maintenance of fixed multiple tooth positions after upper and lower anterior tooth extraction. A case report. This report describes the maintenance of fixed molars following upper and lower anterior tooth extraction. The case presented involved two edentulous maxillary arches, at least five anterior removable maxillary prostheses and 5 removable mandibular prostheses; all of the same shape and dimensions. Consequently, a complete maintenance of the fixed bony architecture of a partially edentulous maxillary arch and of the mandibular denture could be accomplished. Q: Does anyone know if the version of Node.js used when I install mocha is version 0.10.14 or 0.10.22? I have the following on my system: OS: Linux mocha v0.10.22 mocha-web-helpers v0.1.0 But the site says that the version is: Which version of Node.js is listed? A: It appears it is version 0.12.2 You can verify by running the command node -v, as seen below: \$ node -v v0.12.2 The issue may have arisen from different versions of npm not being installed for different project types that mocha-web-helpers uses. By default npm is installed with the node command as it is one of the main components for Node.js. npm -v 3.6.0 Efficacy and safety of step 2 therapy for Helicobacter pylori with amoxicillin and esomeprazole in Korea.
