July 25, 2558 BE I There is one thing people really love about EVE Online, and that's the concept of its persistent universe, of an infinite series of stories taking place in an ever-changing cosmos. June 4, 2558 BE EMobility Industries Corporation has submitted a proposal to British-based Ministry of Engineering to build and construct a high-speed mass transit system within the British District of New Eden. February 11, 2558 BE The first in-game event to take place between the two superpowers of New Eden is set to take place later this week, and will involve a friendly civil war between the Super Carriers of the Minmatar Coalition and the Peep Titans of the Amarr Empire. December 6, 2557 BE In the distant future, humanity has colonized the galaxy. Its society is organized in guilds that compete with one another for influence in the government. Citizens can live out their lives peacefully within their guilds, or they can join a higher guild that gets involved in politics and conflict. That's why it's

---

so difficult to win the game. September 21, 2557 BE The game is still in alpha, but CCP is currently looking into how to implement some new game mechanics. They're open to suggestions. July 10, 2557 BE The Amarr Empire is sending a distress signal in the area around the moon of Amarr I. June 26, 2557 BE CCP is now releasing a beta version of the game for anyone to play. Anyone can play right now, but they'll have to go through an enrollment process in order to play as a corp member and gain access to corporate assets. June 21, 2557 BE It's been a long time since we've seen any gameplay videos, but CCP has just released a new video showcasing all of the major game mechanics and features. April 2, 2557 BE In the first major update to EVE Online in almost three years, CCP announced changes to how the game works, and some new features. January 12, 2557 BE As the year goes on, we'll see some major changes coming to the game, beginning with a new expansion in February, and then a major one in late March. November 12, 2556 BE EVE Online has just made the Jump to Gallente Tech Alpha, a test version of the jump to another alliance. August 21, 2556 BE CCP is set to release their next expansion, Inferno, 82157476af
